ROTARACT CLUB OF PUNE WESTSIDE
IGNITE THE SPARK, LEAD THE CHANGE

CLUB INTRODUCTION

Our club was chartered on 16th December 2024, marking the beginning of a journey dedicated to creating meaningful change in society while providing opportunities for young leaders to learn, connect, and grow.
Under the theme “Ignite the Spark, Lead the Change,” our club believes that every individual has the potential to create an impact. Our aim is to ignite that spark within our members and transform their ideas and energy into positive action.

For the upcoming Rotary year, we are proud to have Rtr. Tanish Phade as the Incoming President and Rtr. Shreya Deshpande as the Incoming Secretary, who will lead the club with dedication and teamwork.
The motive of our club is to empower youth, serve the community, build strong connections, and create lasting impact through innovative and meaningful initiatives.
Our club actively works through various Rotaract avenues, including Community Service, International Service, Professional Development, Club Service, Public Relations, DEI, and RRRO, giving members a platform to contribute in different areas. With enthusiastic members, strong teamwork, and a passion for service, Rotaract Club of Pune Westside looks forward to igniting the spark, leading the change, and creating a better tomorrow.

Theme Rationale & Vision

- **"Ignite the Spark"** represents the personal awakening within every young Rotaractor—the moment compassion, curiosity, and energy turn into decisive action. It calls upon each member to discover their distinctive potential, step outside comfort zones, and take initiative.
- **"Lead the Change"** stands for the collective responsibility of leadership. It signifies that our club does not merely observe societal challenges from the sidelines; we step to the forefront, spearhead sustainable initiatives, and champion solutions that leave lasting footprints across our communities.

INTERNATIONAL → Global Rotaract Collaborations (1 club collaborated)

Festivals are a celebration of faith, tradition, and togetherness, and Eco Bappa was an initiative that brought these values together with a responsibility towards our environment. Through this initiative, Rotaract Club of Pune WestSide encouraged people to choose eco-friendly Ganpati idols made from natural and sustainable materials such as Shadu Mati, clay, and other environment-friendly alternatives, instead of idols made from Plaster of Paris. The aim was simple yet meaningful — to celebrate Bappa with devotion while ensuring that our celebrations do not harm the environment. We believe that our traditions become even more beautiful when they are celebrated with awareness and responsibility.

- Intra-District Collaborations — Rotaract clubs from within RID 3131 joined the initiative and helped spread awareness across the district.
- Inter-District Collaborations — Clubs from different Rotary International Districts came together to support the vision of an eco-friendly Ganpati celebration.
- International Collaborations — Rotaract clubs beyond India extended their support, taking the message of sustainable celebrations across borders.

EDITOR'S NOTE

Behind Every Page, There Was a Story.
Putting this bulletin together was much more than collecting photographs and writing about events. It was about revisiting the memories, conversations, achievements, laughter, challenges, and countless little moments that shaped our journey as the Rotaract Club of Pune WestSide. Every page was carefully thought through–what deserves to be remembered, which moments deserve a place, how each story should be told, and how we could bring the spirit of our club alive through words and visuals.

Behind these pages were hours of brainstorming, writing, editing, designing, reviewing, correcting, and reworking. There were late-night discussions, countless revisions, selecting the right photographs, fixing the smallest details, and sometimes asking ourselves, ***"Can we make this page better?"*** *More than once, a single page took hours to perfect. But every revision was worth it because this bulletin is not just a collection of events–it is a reflection of the people who made those events possible.*

As editors, our biggest challenge was deciding what to leave out when every memory felt important. Our biggest reward, however, is seeing these moments come together in one place. We hope that while reading these pages, you don't just see events–you see the people, passion, friendships, service, and spirit behind them.
To everyone who contributed a photograph, a story, a thought, a memory, or simply gave us their time–thank you. This bulletin carries a little piece of all of you.
With countless drafts, countless memories, and a lot of love

Every project, every friendship, every challenge, and every small act of service has shaped our journey. As we turn the final page of this bulletin, we carry forward the same spirit of Service, Fellowship & Leadership–ready to dream bigger, serve better, and create an even greater impact.
